Series 2500

Base Unit Manufacturer's Suggested List Price (MSLP) $3830.00

The Series 2500 houses two 1.5 HP blowers providing up to 2200 cfm of filtered air. The cabinet is equipped with a removable filter/blower access door, dual inlet and outlet 16" diameter duct collars, provisions for four stages of filtration, and an ozone generator. The cabinet is constructed of 18 ga. painted steel with weld nuts inserted in the top to accommodate hanging hardware. Each of the two supply and return ducts should not exceed 40 ft. (total duct length 160ft.) and should be connected to a 24" x 24" supply/return plenum and grille or larger.

Approx. Hanging Wt. - 225 lbs (102 KG)
